## HOW TO FIND WMO • SHELL-CLAD FROM WORTH LANE

Worth Lane is a private drive through wood/scrubland where wildlife abounds (rabbits, deer, foxes, frogs, cats etc.) so please drive carefully.

It is best identified (apart from by a Worth Lane road sign) by two trees on each side of the entrance with Worth Farm and reflective triangular signs attached to them.

Follow Worth Lane for quarter of a mile and you will see offices on your left.

Well before you get to these offices you will see a set of five small garages on your right. Turn left opposite these garages between two brick pillars signed Worth Farm.

*PLEASE NOTE: If you get to Sim2's offices you have gone too far.*

You should now be facing a mini 'Jurassic Park' set of wooden gates.

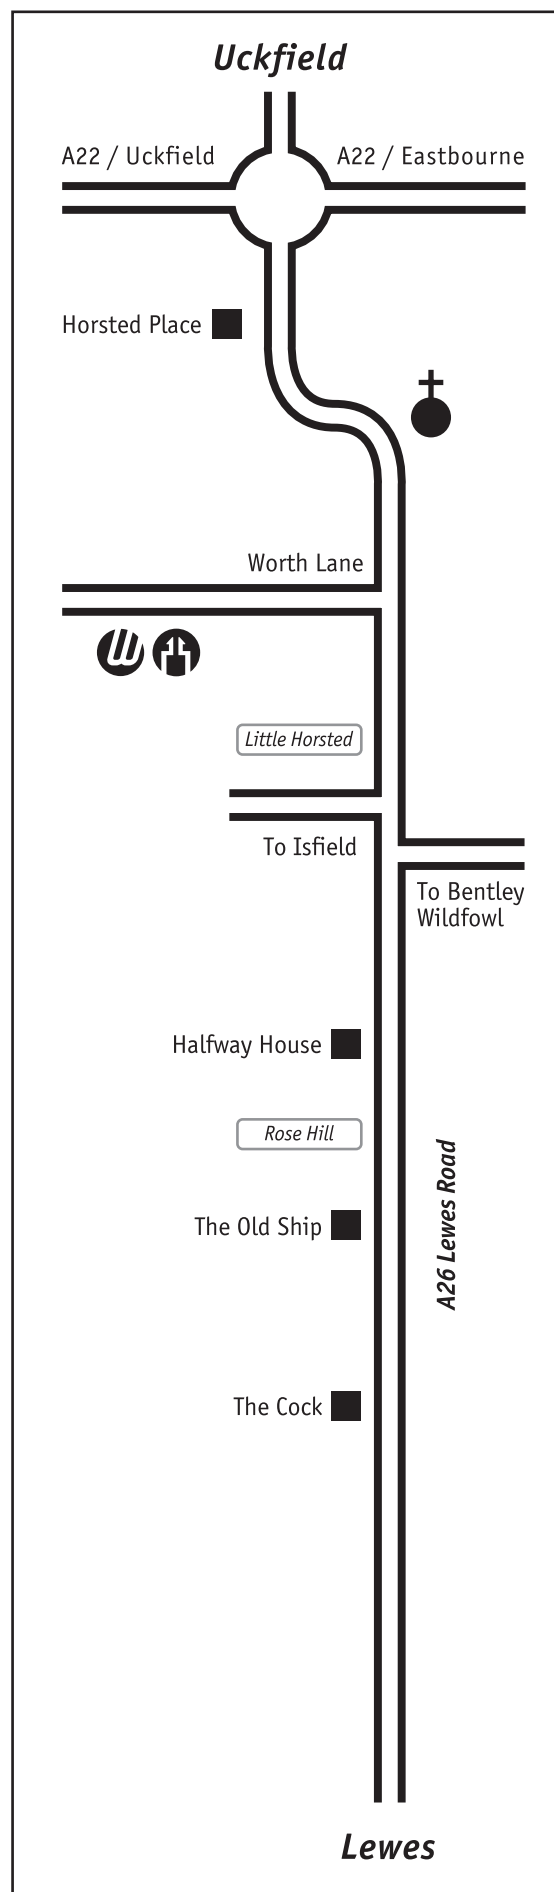

These open OUTWARDS so don't park too close.

Press the second rectangular button down and we will let you in.

Follow past first office entrance on your right and you will see four cut down telegraph poles sunk into the ground also on the right.

This is us (No 46 on the door!). Please park here.
